## FOSSIL SHELL FLOUR

### (Pure Diatomaceous Earth)

### For Animal Use Only

Fossil Shell Flour (Pure Diatomaceous Earth) for your animals is an all natural product with no harmful side effects. It is not a drug, not a chemical, and you feed it to your animals. Toxicity tests show test animals to be totally healthy even when as much as 50% of their diet was Fossil Shell Flour. Safe and harmless is an understatement, yet it is extremely beneficial. Fossil Shell Flour is used internally for the treatment of parasites and worms, and gives pets a shiny coat.

**WHAT IT IS:** Grass is the basic food of all land animals. Those that do not eat the grass, eat the animals that do. In lakes and oceans, Diatoms are the basic food. We call it the “grass of the sea”. All higher forms of ocean life depend on it for their survival. A diatom is a one-celled plant, so tiny that it must be magnified thousands of times to be visible. They live in such vast quantities that they out-weigh the total of all land plants combined. Diatoms take the minerals out of the water and build a protective shell. As they die, the shells sift to the bottom of the water and form layers, sometimes hundreds of feet thick, called Diatomaceous Earth. Geological changes have placed some of these deposits on dry land. Most deposits are so contaminated with foreign material as to be useless or even dangerous. Fossil Shell Flour is so pure, even as it comes from the ground, that it meets the FDA requirements to be called food grade. All Perma Guard products are made from this safe material.

**HOW IT WORKS:** The tiny Diatom shells are not a food. They do not digest (except some of the trace minerals), they pass all the way through the body. Everything it does is either physical action or electrical action. The Diatom shell is a little cylinder full of holes. It resembles rice check cereal. The cylinders have a powerful negative charge and the holes are the right size to absorb positively charged viruses and bacteria, hold them, and take them out of the body. Each shell can hold and neutralize many positive particles. Mixed with feed (or eaten free choice), the cylinders, by the millions pass through the stomach and intestine, destroying parasites with absolutely no side effects to the animal.

**INGREDIENTS:** ground Diatomaceous Earth (fresh water type).

Targeting Specific Health Needs*

## WHY CHOOSE WISDOM OF THE AGES?

### EXCLUSIVE PRODUCTS

We pride ourselves on offering our customers **unique specialty formulations** that cannot be found anywhere else. Our exceptional Wisdom of the Ages line of products are exclusive formulations combining the highest quality ingredients chosen for their purity, significance, compatibility and effectiveness.

### QUALITY INGREDIENTS

**All of the ingredients that go into our formulas pass strict quality control testing at one or more GMP certified facilities.** Good Manufacturing Practices (GMP) help ensure the quality and safety of products, traceability of ingredients, and transparency of the manufacturing process. GMP certification means that the site and methods employed in production have been subject to a thorough quality control investigation by a government agency or qualified third party organization and are certified to be in compliance. Extensive quality control analysis is performed at each of the GMP certified facilities of our manufacturing partners to confirm identification and ensure safety, purity and potency. In accordance with Dietary Supplement GMPs, each lot received into our Chinese herb supplier's warehouse is first quarantined. Then each product is sampled, the Certificate of Analysis verified, and the sample is compared with past lots for consistency. **Herbs are inspected using sensory protocols**, and confirmed against standard references if necessary to verify quality and species. **Herbs are sourced from their indigenous regions**, ensuring geo-authenticity and quality, and usually come direct from the growers and harvesting co-ops to our supplier. **Upon receipt, each herb is inspected to ensure correct species identification, proper maturity, and quality.**

### FREE MARKETING MATERIALS

Take advantage of our **FREE Bag Stuffers, Flyers and Product Brochures** to give away to your customers. This literature can help you increase your sales! Just ask for FREE LITERATURE when placing your next order. We also provide **FREE wall posters** that let your customers know that you carry Wisdom of the Ages products!

### SALES DISCOUNTS

Wisdom of the Ages offers **monthly discounts** on our products. You will receive a full color sales flyer in every order (or find it on our website in our retailers area under "On Sale Now"). **SIGN UP FOR OUR MAILING LIST TO RECEIVE OUR SPECIALS AND PRODUCT ALERTS BY EMAIL!** (Sign up on our website or by calling our office)

### PROTECTED PROFIT MARGINS

Wisdom of the Ages offers **reasonable and competitive profit margins** on all of our products; our profit margins are always at the high end of industry standards. We also **protect your profit margins** by only selling to small independent businesses and practitioners so **you don't need to worry about competing with large chain pricing.** We also **actively enforce MAP** (Minimum Advertised Price) Policies that **discourage price wars** and online price-based advertising. In recognition of the time, effort and knowledge our resellers invest in the marketing and sale of our products, our MAP Policies were designed to protect the ability of resellers to remain competitive in all current sales markets, and to continue to offer their knowledge, expertise and superior customer service without sales loss outcomes from online price wars.

### SUPERIOR SERVICE

**Wisdom of the Ages is dedicated to your success.** We are here to assist you in gaining knowledge about our products. We are a team and your questions are valuable and important to us.

Our company has **Low Order Minimums** - only \$50, and our policy is to provide **same day shipping** whenever possible.

**We stand behind our products.** Wisdom of the Ages is committed to customer satisfaction. Take advantage of all Wisdom of the Ages has to offer—unique specialty health products with quality ingredients, customer satisfaction commitment, free promotional literature, protected profit margins and monthly discounts! With all of this at your disposal, success is at your fingertips, and improved health is the result for your customers.
