"I follow R.V. (patient identity protected) for a problem of rheumatoid arthritis. She has noted remarkable improvement since starting on the product (Rejuvenation) which you have supplied her. I certainly was quite fascinated by her improvement, which has persisted over the past year or so, off all standard antirheumatic treatment regimens."

- Dr. A.C., MD
Colorado Springs, CO

"I had suffered from arthritis for years. Some mornings I could hardly get out of bed. I took a cortisone shot once a month also cortisone pills every day. I was given Rejuvenation to try and in 2 or 3 days I could tell a difference. I haven't had a shot for 3 months and I don't take my cortisone pills."

- D.J.
Cameron, MO

"I have been using Rejuvenation for a couple of months now and it has helped me a lot. I have rheumatoid arthritis and had to go off Motrin because of blood thinning problems. My symptoms are in my knees, ankles and feet. Since I've been using Rejuvenation my symptoms are greatly lessened and sometimes completely absent."
